P-RAIL BLEACHER AISLE HANDRAIL

Our permanently attached, self-storing P-Rails offer enhanced safety when entering or exiting telescopic bleacher seating. For quick and easy storage, just lift and turn 90 degrees.

- P-rails are located at the intermediate aisles
- Powder coated in a wide variety of colors
- Handrails are 34" high
- 1.5" OD high tensile strength steel
- Pedestal base, spring actuated, self-locking
- Certified test results provided upon request
- Can be permanently attached or removable

Set-up or storage is quick and easy, just lift and turn 90°.

Mounting bracket secures P-rail to bleacher steps.

Our proprietary P-rail design and mounting bracket were tested and certified by Innovative Test Solutions of Scotia, NY. on December 18, 2008. Structural integrity in various positions was tested and evaluated by applying a measured load in excess of 200 lbs.

For more information and complete test results, please contact Bleacherman.

Ask about safety pads for P-rails. These can be customized with your school's colors and mascot.
